Postdoctoral Clinical Experience

POSITIVE OUTCOMES

Athens, GA

Psychologist.

Performed neuropsychological assessments via community referrals, primarily consisting of parental fitness assessments, PTSD screenings, IQ/Personality assessment, and identifying learning disabilities/ADHD. (2014 – 2017).

CLINICAL AND SUPPORT OPTIONS

Northampton, MA

Postdoctoral Fellow, Psychological Assessment and Intensive Family Therapy.

Worked for community mental health clinic with satellites spread throughout the Pioneer Valley to outreach to underserved populations. Drove out to meet clients in their homes, in their cultural context, schools, etc. Performed psychological assessment to children, youth, and adults, and performed intensive family therapy in which I observed the family in the home, child at school and at local community park/YMCA, interviewed teachers, family, etc. and wrote/implemented a behavioral support plan. Participated in weekly individual and clinical group supervision. Supervised new postdoctoral hires and incoming doctoral interns. Supervised masters-level clinical monitors as we collaborated for in-home family therapy. (August 2010 – August 2011).

Graduate Clinical Experience

ROCKDALE REGIONAL JUVENILE JUSTICE CENTER

Rockdale, TX

Doctoral Intern, APPIC Internship.

Counseled incarcerated youth ages 12-18 in secure facility for non-violent offenders, predominately Black and Latino population. Assessed, compiled, and interpreted full assessment reports for adolescents, including IQ assessment, MCMI, Rorschach, and learning disability/ADHD screenings. Provided family therapy and reunification therapy (in which victims were empowered through their offender thanking them for doing right by outcrying) also for each resident. Also provided sex offender treatment and victim support therapy under the supervision of two licensed psychologists, also licensed sex offender treatment providers. Worked together with three other doctoral interns to manage our caseloads, engage in peer supervision weekly, supervise detention staff, co-lead group therapy, and coordinate therapeutic activities (healing through writing groups, stress management, etc.). (August 2009 – August 2010).

LEHMAN COLLEGE COUNSELING CENTER

Bronx, NY

Counselor, Freshman Year Initiative Coordinator.

Outreached to freshman students, aiding in process of adjusting to college, and tended to mental health needs of incoming class. Coordinated 30 mental health/counseling center presentations, outreached to over 800 students, taught workshops, and available for counseling to these freshmen. Received weekly supervision and team/group supervision and training. Supervised CUNY CAP (masters-level) students who also worked in the counseling center. Administered LASSI and disability screening reports. Provided individual psychotherapy to students. Experience reflected diversity in the Bronx: Lehman fall '09 undergraduate enrollment records note student body consists of the following: 33% Black/Non-Hispanic, 47% Hispanic, 5% Asian/Pacific Islander, 5% Non-

resident alien, 10% White Non-Hispanic. (June 2007 – June 2008).

SAN JUAN COUNSELING

Blanding, UT

Field Researcher/Counselor, Navajo Reservation.

Participated in BYU research on career development for Native American adolescents living on the reservation, guided students through a career fair at the local junior high school. Interned at San Juan Counseling, a community mental health center, counseling populations from this reservation and rural community in Blanding, Utah. Administered and interpreted achievement and IQ assessments. (March 2006, July – September 2008).

BRIGHAM YOUNG UNIVERSITY COUNSELING CENTER

Provo, UT

Advanced Practicum Counselor.

Practicum student/counselor at Counseling & Career Center for BYU for two years, 5-10 intervention/assessment hours per week. Assessed, compiled, and interpreted full assessment reports for students, including IQ assessment, MMPI, and disorder screenings, OQ-45, among others. Attended case team meetings, practicum class, co-led two groups, and underwent supervision to further knowledge of counseling skills. (Fall 2006 – Winter 2007).

MOUNTAINLAND TECHNICAL COLLEGE

Orem, UT

Vocational Evaluator.

Outreached to underserved populations in rural Utah, drove to Department of Workforce Services to meet clients and problem-solve with them. Administered achievement, IQ, personality, and career assessments, interpreted test results. Counseled with client to develop education and career goals. Developed two or three career recommendations per client, including: narrative of what steps, education, or skills will need to be gained by the client in order to be successful. Wrote a vocational evaluation for each client, writing clearly and succinctly, providing helpful and practical information on community resources. Supervisor: Mari Ivie. (Spring 2005 – 2007).

EMPLOYMENT RESOURCE SERVICES

Provo/Orem, UT

Employment and Personal Counselor.

Counseled with adolescents and adults, referred from religious network or from community outreach, about employment/career/personal concerns. Helped to sustain self-reliance through employment, self-employment, and education. Coordinated with ecclesiastical leaders over Brigham Young University and Utah Valley State College students, to present career preparedness workshops. Assessed eligibility of disabled staff at non-profit charity distribution center for training and career workshop, or if needed one-on-one assistance/counseling. (July 2006 – May 2007).

BRIGHAM YOUNG UNIVERSITY CAREER COUNSELING CENTER

Provo, UT

Career Counselor.

Having received training in Dr. Aaron Jackson's Career Development and Assessment course, doctoral students worked in the counseling psychology center in the McKay building, scheduling clients from Student Development courses for career counseling. Prepared also through consultation with Dr. Worthen, who gave instruction similar to Dr. Jackson's career class, though more specific to the counseling process.
